Safe handling: Avoid contact with skin, eyes and inhalation or ingestion. Wash hands after using the product. After inhalation or ingestion, rinse mouth and drink plenty of water, do not induce vomiting. Seek medical advice if you feel unwell and show label or material safety data sheet.

Storage: Store product in its original packaging in ventilated places between +5 °C and +25 °C. Protect from frost, heat and direct sunlight. Keep container tightly sealed. Store separated from food or feedstuff. Keep away from children and pets.

Disposal: If possible, use the whole amount of the product. Dispose of residues according to local and national guidelines of authorities. Dispose emptied containers in assigned collection points.

DIRECTIONS FOR USE

Organic mineral granular fertilizer for soil application while seeding as a starter fertilizer. To be used only where there is a recognised need. Recommended application rates should not be exceeded.

Application rates and application timing:

Field crops (corn, pumpkin, soybean, sugar beet, sunflower, field vegetables, potato): 20 kg/ha into the seedbed during seeding

Ornamental grass: Apply 15 - 20 kg/ha with the microgranular spreader.
